

This easy recipe is from my dear friend Mary, an avowed non-cook but a great lawyer and Mom. She says her other specialty is frozen pizza...

### **Cherry Cake Dessert**

1 can cherry pie filling  
½ package dry white cake mix  
½ cup chopped pecans  
1 stick butter, melted

Pour pie filling into greased Cady Clay Works pie plate. Sprinkle with cake mix and nuts. Pour butter over top. Bake for 40 minutes at 350°. Remember to start with a cold oven when baking in handmade pottery.

To serve, spoon into Cady Clay Works handmade bowls. Top with vanilla ice cream, if desired.
